More Space for Wire Connection

Dimensions

Installation (Junction Box)

Step 1: Prior to installation please install two screws(furnished) into the junction box. Do not drive screws completely to the end of the junction box.

Step 2: Connect supply wires to wires in fixture wiring box with proper size wire nuts or push wires into "push-in" connector. Connect white to white, black to black, and green or bare copper wire to bare copper wire.

Step 3: The ground wire at the service junction box may need to be secured to a ground screw.

Step 4: With a screwdriver, attach the disk light tightly to the j-box.

Step 5: Complete the installation by twisting the diffuser on the disk light metal enclosure and lock the diffuser in place.
