

## Mobile App operation

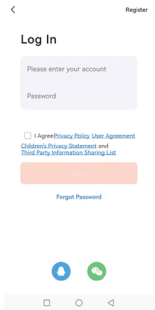

### Step 1 To download Tuya APP

- Please scan the QR code below to download Tuya App

### Step 2 Create app account and log in

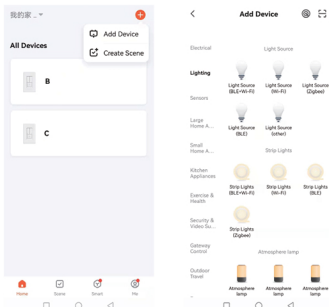

- Open the app, click Register, register an account and log in.

### Step 3 Add dimmer

- Click in the upper right corner , click Add Device;

- Click **Lighting**, then Click , Enter the device connection interface.

### Step 4 Mobile connection

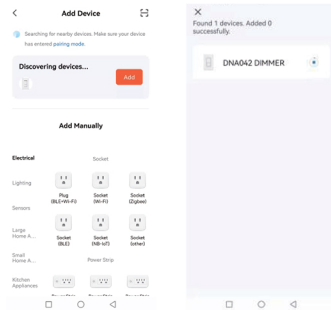

- Distribution network mode: when the light is on, press the power button for 5 times continuously. After the status indicator flashes, the mobile phone can connect the dimmer. (If not connected, exit the distribution mode after 3 minutes).

#### Note:

- When matching network mode, turn on your phone's Wi-Fi and Bluetooth at the same time for fast pairing mode.
- In case of WiFi disconnection, turn on the Bluetooth of the mobile phone when the wireless internet function of the mobile phone is normal. After 5 min, the mobile phone app can control the dimmer.

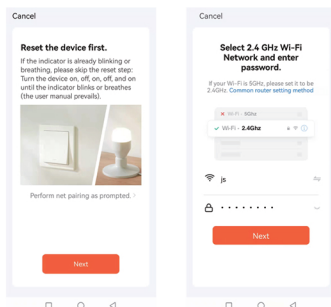

### Step 4a Distribution network fast

- Turn on the mobile phone WiFi and Bluetooth at the same time, and automatically scan the network equipment;
- Click **Add**, wait for connection.

### Step 4b Normal distribution network

- Confirm that the app control indicator LED1 is flashing and click **Next**.
- Enter the WiFi password, click **Next** and wait for connection.

### Step 5 Mobile app controlled dimmer

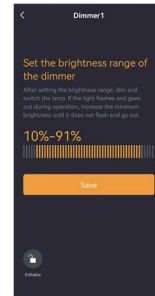

- Click **Power** , Control the light on and off functions of the dimmer;

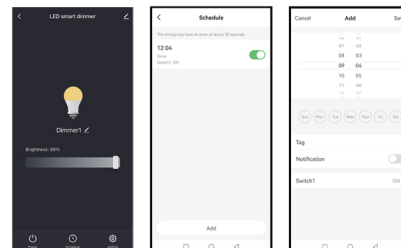

- Slide to dim;

- Click **Setting** , enter the interface for setting the brightness range of the dimmer;
- Set the minimum brightness and maximum brightness of the lamp controlled by the dimmer and save them;

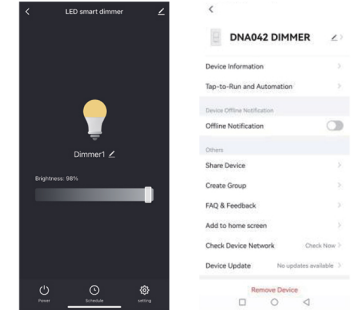

- Click **Schedule** , set the schedule on and off functions of the dimmer;
- Add and save.

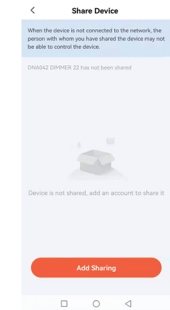

- After the dimmer is connected, it can be controlled by multiple apps.

- Click the top right corner , enter the device details;
- Click **Share Device**, enter the device details;

- Click **Add Sharing**, add a shared account.

## Supports Amazon Alexa and Google Home Voice control
